

ISO 45001 Policy

Top Management of SportSafe uk Ltd have developed its ISO 45001 Policy by taking into consideration the type of service we deliver, the size of our operation, client's sites, our facilities, and staff.

- We strive to prevent injury and promote a safe and healthy workplace for our employees and workers and to eliminate hazards and risks.
- We will continually seek to improve our health and safety management and performance.
- We endeavour to always keep up to date and comply with all applicable legal requirements, client requirements and any other requirements we need to subscribe to that relate to health and safety and any hazards.
- Our Integrated Management System provides a mechanism for setting and reviewing health and safety objectives which will be continuously monitored and reviewed, and we will strive to improve our OH&S management system.
- We will continually review our Health and Safety Policy and amend when necessary to ensure it remains relevant and appropriate to our company.
- Our policy will be communicated within the organisation and be available to our interested parties.
- We are committed to consulting with our employees, workers and their representatives about our OH&S management system.

This ISO 45001 Policy should be read in conjunction with our Health and Safety Policies and Arrangements

Approved: 
Managing Director

Date: 8th July 2025
