

ISO 9001 POLICY

It is the policy of Sportsafe uk Ltd to ensure that the products and the services that we supply always aim to achieve the highest quality. This will be achieved by continuously looking to improve our quality by constantly assessing areas in which we can improve. Through the vigilance of our colleagues, customer feedback, industry improvements and establishing challenging objectives we will always look for new ways to improve our customers & our colleagues satisfactions. It is the core belief of the company that by working together, we can improve.

Our core objectives for improving quality are as follows:

- Using all resources available to help grow the organisation, including memberships we are part of.
- Comply with all legal and industrial specification, requirements and applicable standards including ISO 9001:2015, ISO14001:2015 and ISO 45001:2018.
- Utilise the Integrated management system (IMS) and set quality objectives that allow continual growth and improvement within Sportsafe.
- Identify actions to be addressed during annual management reviews meetings to allow for the continual improvement of our Integrated Management System.
- Striving to achieve complete customer satisfaction to secure long-term relationships with our clients to enhance and secure the company's future.

Approved

Alex Wilkins

Managing Director
